French (Native), English (Fluent)

HOBBIES

As a Sports fan, I follow closely the French and European Rugby & Football leagues. I also follow closely every new Tech trends, and code on different side projects on my spare time.

EXPERIENCES

Fullstack developer — **2019 - 2023**
Haivision, Freelance — Rennes, France

Hub360 — **2020 - 2023**
Fullstack developer on this Cloud SaaS product hosted on GCP, organized as micro-services orchestrated with Kubernetes

Typescript | ReactJS | Redux | RxJS | Node.js | Express | TypeORM | gRPC | Redis | RabbitMQ | Jenkins Pipeline | Ansible | Docker | Kubernetes | GCP

LiveGuest — **2021 - 2022**
After completing the Proof of concept, I was in charge of leading the development and integration of all features (WebApp + services) in our existing Cloud platform.

Typescript | ReactJS | Redux | WebRTC | gRPC

StreamHub — **2019 - 2020**
As an experienced React developer, I was tasked with designing UX and developing a new web interface for the Streamhub, central product in the Haivision ecosystem

UX | Javascript | ReactJS | Redux | RxJS | Socket.IO

Lead iOS / macOS developer — **2017 - 2019**
Aviwest, Employee — Rennes, France

MoJoPro — **2017 - 2019**
Lead iOS Developer in a team of 5 people in charge of developing a brand new interface and its embedded multiplatform SDK (iOS & macOS)

iOS | Objective-C | Swift | UIKit | ReactiveKit | Realm | AVFoundation | CoreMedia | AudioKit

Web Developer — **2015 - 2017**
ID.Apps, Employee — Rennes, France

Different projects for multiple clients: BNP, Safran, Leboncoin

Node.js | Express | Java | SpringBoot | Postgres | MySQL | Sequelize | Hibernate

iOS & Back-end developer — **2014 - 2015**
SNCF, Consultant — Paris, France

L'assistant SNCF — **2014 - 2015**
Starting the project as iOS developer in a team of 10 developers, I quickly evolved to develop on the full stack: a mix of Node.js & Java micro-services, handling time sensitive data, on a realtime notification system. Deployed and hosted on AWS at the time.

iOS | Swift | UIKit | Javascript | Node.js | Java | Spring | Hibernate | RabbitMQ | Redis | Socket.IO

iOS & Web developer — **2012 - 2014**
Cardiweb/Steamulo, Employee — Paris, France

Different projects for multiple clients: SNCF, Parrot, Malakoff Médéric

iOS | Objective-C | UIKit | Java | Spring | Hibernate
